The RESPECT Charter

It is a requirement of Gosport Falcons FC that all players and supporters operate within these guidelines towards officials.

Realise that without a referee there is no game.

Expect that you will not agree with every decision the referee makes.

Show respect to the referee at all times.

Please remember that your behaviour influences the league's ability to retain and recruit referees.

Even the best players make mistakes, so why expect the referee to be perfect.

Carry the good name of the Club/League at all times.

Try to understand that the referee wants to enjoy the game too.

This Charter governs conduct throughout the whole game
